dist. plan

① MDP & ER engineering report (end of Jan.
early Feb)

CLA approves it

Feb/march CLA reviews

- April/may petitions

(normally CLA's report just goes to committee)

MB would request that it move
from UB to regular CLA budget
as we head to budget

How do we reduce our cost?

★ - just structures & frontage along
BFW - but frontage ~~as~~ each side
of Boardwalk has to match

Confirm parking lots are specific
lots

must go to council by 7/1/15
to county by 7/15/15

Competition as soon as CLA approves
MDP & ER
(on average 6-7 drafts)

1/2% prop. tax

\$3660 a year
a lot for rent controlled apt
Rue all over street plus retrofitting

met of Bona?

packed

put in other zone?
can't be reduced?
